### **Dear Valued Customer:**

Please be advised that the above product lines do not contain as intentional additives any Perfluorooctane Sulfonates as identified in EU Directive 2006/122/EC (30th amendment to EU Directive 76/769/EEC) and as listed in the proposed regulations for Perfluorooctane Sulfonate and its Salts and Certain Other Compounds published in the Canada Gazette on December 16, 2006. Links to these regulations can be found on page 2.

To the best of our knowledge, none of these materials are generated during production. Since we do not expect these materials to be present, we do not specifically run any analysis on our raw materials or end product to measure for these materials.

As the supplier of the raw material, we cannot make any statement with regard to the extruded or molded components made from this material since this may be process dependent.

If you have further questions please don't hesitate to contact me.

Regards,  
BASF Corporation
